INTRODUCTION

Sparkasse Bank Malta plc (“the Bank” or “SBM”) is licensed by the Malta Financial Services Authority (“MFSA”) as a credit institution in terms of the Banking Act (Chapter 371 of the Laws of Malta) and as a Category 2 and 4a Investment Services Licence Holder in terms of the Investment Services Act (Chapter 370 of the Laws of Malta). The Bank’s registered office and principal place of business are at 101 Townsquare, Ix-Xatt Ta’ Qui-Si-Sana, Sliema SLM3112, Malta.

The Bank is authorized to carry out payment services in terms of PSD2 (Directive (EU) 2015/2366 of the European Parliament and of the Council of 25 November 2015 on payment services in the internal market; as implemented in Malta). The Bank offers payment and related services (e.g. foreign exchange) to private and corporate Customers and processes payments through SWIFT, SEPA, TARGET2 and CHAPS.

Important information about the payment services offered by the Bank is given in the General Terms and Conditions for Banking Services and the Additional Terms and Conditions for Online Services. Words and expressions used in this document have the meaning given to them in the Glossary to the General Terms and Conditions for Banking Services (available from our Website), unless otherwise stated.

PAYMENT SERVICES AND RELATED INFRASTRUCTURE OFFERED TO CUSTOMERS

Customers are required to keep a payment account with the Bank, for the provision of payment services. The cut-off time for all payment orders are as follows:

- Outgoing (Debits) Payment Orders: 15:00Hrs CET
- Incoming (Credits) Payment Orders: 16:00Hrs CET
- Internal Transfers between Own Accounts: 16:00Hrs CET
- O/N Deposit Account Transfers: 16:30Hrs CET
- Outgoing Same Day Value Payment Orders: 11:00Hrs CET
- Transfers to Third Parties with Accounts held at Sparkasse Bank Malta p.l.c: 16:00Hrs CET

Payment orders received after the cut-off times will be processed on the next business day. The Bank will not process payment orders if there are insufficient cleared funds in the relevant account.

[1] SWIFT [Society for Worldwide Interbank Financial Communication] Transfer

The Bank is a direct SWIFT participant with a network of correspondents and intermediaries for transfers in major currencies. SWIFT provides a messaging system that enables financial institutions worldwide to send and receive information about financial transactions in a secure, standardized and reliable environment.

The Bank can provide statements of cash accounts held with the Bank in SWIFT message format. The MT940 message, is an account statement of transactions generated at the end of business day (CET) and includes information on receipt of funds and payments sent from the account group by currency. The Bank can also provide a Statement of Holdings in SWIFT message format. The MT535 is used to report, at a specified moment in time, the quantity and identification of financial instruments which the account servicer maintains for the account owner.

[2] SEPA [Single Euro Payments Area] Payments

The Bank is a direct participant in the STEP2 SEPA Credit Transfer Service (SCT) payment system. STEP 2 is a Pan-European Automated Clearing House operated by the EBA Clearing. Since the Bank is a direct participant, payment orders are sent directly to the system.

Customers can transfer or receive monies in Euro from/on the payment account held with the Bank to/from another bank or payment service provider situated in a SEPA country under the same basic conditions, rights and obligations, in a single system for both the domestic and cross-border transfers. SEPA covers the EU member states as well as the United Kingdom (post-Brexit), Iceland, Norway, Switzerland, Liechtenstein, Monaco and San Marino.

[3] TARGET2 Payments

The Bank is a direct participant of the TARGET2 settlement system. TARGET2 is the real-time gross settlement (RTGS) system owned and operated by the Eurosystem and stands for Trans-European Automated Real-time Gross settlement Express Transfer system.

It is used to process large-value payments in Euro in real time. There is no upper or lower limit on the value of payments.

PAYMENT SERVICES AND RELATED INFRASTRUCTURE OFFERED TO CUSTOMERS - CONTINUED**[4] CHAPS Payment**

The Bank is an indirect participant of the UK CHAPS system. CHAPS uses the Bank of England's Real Time Gross Settlement (RTGS) system. A CHAPS transfer is initiated by the sender to move money to the recipient's account where the funds need to be available within the same working day. CHAPS payments and various supporting confirmation and system messages are transferred between the Direct Participants and the RTGS system using the international SWIFT network.

Payments in sterling of a high value can be sent via CHAPS system.

[5] Fixed Debit Variable Credit Instructions

This payment method is meant for those payment requests where the transferred amount is specified in the account's currency, whilst the target money is in another currency. This means that the outgoing money (account's currency) is fixed, then the amount to be transferred is calculated and sent to the recipient account accordingly. So, in contrast to normal transfers, the money received by the third party is variable and the outgoing money is fixed.

ONLINE SERVICE

The Bank's online service provides customers with twenty four [24] hour, seven [7] days a week access to their accounts, allowing customers to keep track of account balances, transfer money between accounts, or effect payments to third parties. The online service can be customized with payment templates and various report downloads in .csv or .xls.

The Bulk Payment System allows customers to give instructions for multiple transactions at any given time. This is a simple and convenient way to make regular payments such as wages, expenses and supplier payments.

Please refer to the Online Banking User Manual for further information on the facilities available via the Bank's Online Services.
